Healing in Nature

D&R Greenway's mission is to preserve and care for land and inspire a conservation ethic, now and forever.

Since 1991, HomeFront has helped homeless families to build lives of self-respect, stability and independence.

"Motivated to do better, a new life might appear" *HomeFront Artist*

"This exhibit illustrates the importance that nature plays in healing everyone. D&R Greenway preserves land benefitting everyone in the community - from our Capital City Farm that grows healthy, local food in Trenton to the well-loved community parks we have created including Greenway Meadows surrounding our Johnson Education Center."
